### LAWFUL NOTICE

to

**The Government Minister for Transport, DVLA,  
All Chief Constables & Statutory Authorities**

This lawful notice is to confirm that 'We the People' have implemented a new system whereby living men/women can travel lawfully on the roads, freely and unhindered, by means of their private conveyance.

For context, you are considered informed that all meanings in this/all communication/s are taken from the Oxford Dictionary of English or as commonly understood by living men and women, they are not to be confused with legalese or any other language. All character layout, whether capitalised, lower case or a combination of both are what is commonly recognised by living men and women and not to be taken in any other way or meaning. Our position in this communication is that of living men/women standing under gods law, also known as the creator's law, natural law, common law etc and operating outside the jurisdiction of statutory rules or man-made legislation. We do not work for any state department or the crown or operate under a licence as we do not require permission from another man or woman to run our lives peacefully. If you require the meaning or definition of any word, sentence, or paragraph in this document, then this can be done by submitting a written request by e-mail, within seven days, from receipt of this notice.

Their private property, previously known as vehicles, are no longer registered within the statutory system or with the DVLA as they have been exported. These vehicles have been exported into the common law jurisdiction, with the Common Law Court and held in the Book of Deeds.

The living men/women who have chosen to record their private conveyance with the Common Law Court will display the CLC number plate, which will be green in colour and will display the CLC logo. The number plate will also display the relevant unique Universal Postal Union number. Universal postal laws are also applicable.

To ensure the private conveyance is roadworthy and fit for purpose, a valid roadworthy certificate will have been obtained, this will have been issued by an appropriate industry professional.

Living men/women will have obtained insurance for their property by accessing their personal trust which is held by the government. This insurance will be set up as a security bond for £4,000,000.00, as cover, and will settle a claim of liability in the event of an incident requiring compensation from another living soul. This will meet the premise of common law.

Living men/women have inalienable rights to travel freely and unhindered, whenever and wherever they choose. Should any attempt be made to inhibit their lawful and peaceful right to roam, then those responsible will be committing crimes against the people and therefore will be held accountable and personally liable.
