

## Medicinal Marijuana

Q, How many plants can I grow?

A, You can lawfully grow plants for personal use, the number of plants you can grow will be dependent on your needs

Q, Can a parent use this for their child?

A, Yes, but we recommend taking advice regarding usage from a healthcare professional

Q, Can I lawfully give this to others for their health issues without being considered a dealer?

A, No, this is for personal use only

Q, Does this also apply to other products made from the plant such as edibles, oils etc.?

A, Yes

Q, Can I make my own products using the plant?

A, You can of course make products for personal use
